SPLIT ROCK LODGE

The Winter Olympics are happening in Vancouver. Go Canada and our USA friends too, eh! Thinking of Canada makes us think of fishing at **SPLIT ROCK LODGE**. Last summer was the summer that wasn't. The weather was cold but the fish were hot! The few weeks of summer we had showed up in September and the fish went on vacation. That's why we call fishing, fishing!

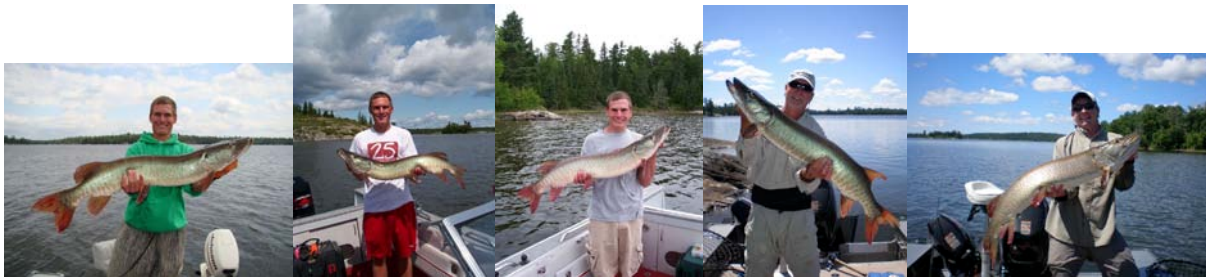

Walleye Fishing - Opens May 15, 2010 ...Mike's guiding for anyone interested. We had complaints about weather but not about fishing. A 27" walleye was caught by a gal Memorial weekend and they continued to show themselves all year with several guests catching and releasing large fish. In one outing, Mike guided a group that boated 15 walleyes over 20"! There was also plenty of eaters caught. A group ate only fish the whole time they were here!

Crappie, Northern and Bass Fishing

The crappies were around in the spring. The fall bite came late with the majority of the crappies caught within feet of the island. They were typical "Lake of the Woods" size **BIG** and most groups brought their limit home. Northern and bass were plentiful again. When fishing for walleye alot of 4lb. to 6lb. northerns were caught. It made for a good fight! Some HUGE perch were caught this year. YUMMY.

Muskie Fishing - Opens June 19, 2010 - We have cabins available!

Muskie, muskie, muskie. The hunt was on and it was a great one! We had a 95 year old catch his first muskie ever! We had a group in one week that caught 45, we had a father and son both get their first 50"ers, we had triplets all catch a muskie and even Linda boated a 42"! YESSS!
